Our Quality Policy

Yarn

At Opulent, **yarn is where our story begins**. We specialize in sourcing and supplying a wide range of **synthetic, natural, and blended yarns** from the most trusted mills across Asia and beyond. Whether you're looking for **cotton, polyester, viscose, modal, or high-performance fancy yarns**, we deliver consistent quality tailored to your specifications.

With a deep understanding of global textile trends and technical know-how, our yarn division is built on **efficiency, integrity, and innovation**. Every cone we deliver undergoes strict quality inspection and is backed by our commitment to **timely service and competitive pricing**.

From weaving to knitting, from fashion to home textiles – **our yarns form the foundation of countless global products**.

Cotton & Blended Yarns

Carded: Basic, cost-effective—coarser and slightly hairy.

Combed: Soft, smooth, aligned fibers, more lustrous and durable.

Compact: Enhanced combed; finer, stronger, minimal pilling.

Slub: Intentionally thick and thin areas for texture/novelty.

CVC (Cotton-Viscose), TC (Terry Cotton), Linen, Tencel, Modal

Premium fibers: US Cotton, Pima/Supima, Egyptian Giza, Australian, Brazilian

Organic/Recycled (GOTS, OCS certified)

Specialty Yarns

Core-spun Lycra/Spandex: Stretch-enhanced construction

Mercerized/Gassed Mercerized: Increased sheen, strength, smoother hand

Zero Twist: Soft, bulky effect yarns

Open-End & Regenerated: Rotor-spun yarns (e.g. NE 0.1s–NE 30s)

Yarn-dyed & Linen varieties: Rich texture and heritage appeal

Synthetic & Filament Yarn Range

Polyester Yarns

POY: Partially oriented precursor for further processing.

FDY: Fully-drawn, high strength/stability; used for weaving/knitting.

DTY: Texturized, crimped, bulkier, elastic; ideal for knitwear & athleisure.

Dope-dyed: Pigment added before extrusion; excellent colorfastness and UV resistance.

ACY (Air-covered Spandex yarn)

Cationic polyester & FR/Flame-retardant variants available.

More Synthetic & Cellulose-Based Yarns

100% Regenerated Cellulose: Viscose, Lyocell (Tencel), Modal, Bamboo, Gracell

Polyester-cellulose blends

Acrylic/Wool/Viscose Blends: Warm, soft, washable.

Flax (Linseed) Blends: e.g., Viscose/Flax for breathability

Nylon DTY: Texturized nylon for elasticity, strength

Fabric

At Opulent, our fabric variety reflects the perfect blend of **innovation, craftsmanship, and consistency**. We offer an extensive range of **woven and knitted fabrics** in cotton, synthetic, and blended compositions—engineered to meet the exacting standards of global apparel, home, and institutional textile industries.

“

From **lightweight voile to heavyweight twill**, and from **reactive-dyed cottons to functional performance blends**, every fabric is carefully selected, processed, and finished to deliver unmatched quality, feel, and durability.
